RDV Senior hockey in recruitment mode : teams from outside Québec are solicited

Thetford Mines, April 12th, 2010 - With the success obtained in 2009, RDV senior hockey is back and launches officially its recruitment drive to attract teams outside of Québec. A first attempt for the organization. At the end of the 2009 edition, the organizing committee made it's intentions clear to recruit teams from Ontario and the United States.

To reach as many teams as possible, the organizing committee developed a variety of marketing tools such as an English web site and new releases. Efforts will also be made to visit similar tournaments in other provinces and even in the United States. In mid-April, members of the recruiting committee will travel to Lake Placid to visit a senior tournament. Later in the month, they will be in Kingston Ontario to promote the RDV and recruit teams. Registration has already begun for the 3rd edition that will take place from November 11th to the 14th in the Thetford region.
